

Did you know that during a hospitalization due to an accident or illness, some expenses are not covered by group insurance or the public health insurance plan?

Hospitalization Insurance helps you cover additional expenses such as a private or semi-private room, or the fees for nursing services received during your recovery period.

An accident or illness can be expensive

The costs associated with hospitalization can increase very quickly. Protect yourself from the unexpected:

- Hospitalization
- Day surgery
- Ambulance transport
- Recovery
- A stay in a rehabilitation center
